PRISONER IN CITY HOSPITAL FOR OPERATION

Confessed Slayer of DeCliff
Man Develops Abscess in
Old Wound.

CONDITION IS FAIR TODAY

Recovery of William Carter,
18, Considered Likely;
Taken from Jail.

William Carter, 18, colored, who
has admitted he fatally shot Green
C. Miller, 73, in the latter's grocery
at DeCliff last New Year's day,
underwent an abdominal operation in
the City hospital this morning.
His condition was reported to be
"fair" following the operation and his
recovery was regarded likely.

The operation was performed to
drain an abscess which formed
after Carter was wounded in the
abdomen during an exchange of
shots with R. E. Kemp, a Newark
grocer, during an attempted holdup
of Kemp's store two weeks after
Miller was killed.

Carter was in critical condition
for several days following the gun
battle with Kemp. When he had
recovered sufficiently, he was
brought to Marion for prosecution
on a charge of murdering Miller.
He has been in the county jail sev-
eral weeks awaiting action of the
Marion county grand jury.

His physician said he had com-
plained about his condition for
several weeks, and that the pain
recently had become more acute.
Carter was removed from the jail
to the hospital yesterday afternoon
for observation. The operation
was performed today at 10 a. m.

**BONUS SIDETRACKED,
PRESIDENT IS TOLD**

N. Y. Congressman Thinks
Plan Shunted Aside by
Hoover Opposition.

WASHINGTON, March 31.—Rep-
resentative Fish, Republican of
New York, on leaving the White
House today said he informed
President Hoover he believed the
possibilities of the adoption of the
new bonus legislation by the house
had been shunted aside by the
chief Executive's recent statement
opposing such legislation.

He characterized proposals by
Representative Patman, Democrat
of Texas and Rankin, Democrat of
Mississippi, that new currency be
issued to make new bonus pay-
ments as "too absurd to discuss."
"Rankin's statement that all that
is necessary is to issue new paper
money was inconceivable to me.
The same principle would apply to
balancing the budget, and if this
argument bore any weight, we
would only have to issue new
money to balance the budget."

Fish said he had told the Presi-
dent it was his opinion that the
house were opposed to additional
bonus legislation, adding he be-
lieved that any "attempt to appro-
priate \$2,400,000,000 for this pur-
pose in the present national emer-
gency would knock the props from
under the entire program of na-
tional economy and would destroy
economic confidence."

Proponents of the bonus bill said
today they have more than the
necessary 145 members to sign a
petition to compel a vote in the
house, should the ways and means
committee fail to report it.

**ZACHMAN GROCERY
STORE BURGLARIZED**

Thieves Enter Room by Break-
ing Glass in Front Door;
Loot Is \$17.

Burglars who broke into the C.
Z. Zachman grocery on south Main
street this morning by breaking a
section of glass from the front
door, took between \$17 and \$18
from the cash register and a desk
drawer, according to a report made
to the police. They left by means
of a rear door, taking a ladder
from the store to mount a high
board fence at the rear. They
ignored \$150 in pennies.

The burglary was committed
some time between 5 a. m. when
the night watchman tried the front
door, and 7 a. m. when employees
arrived at the store. Breaking out
a section of glass the burglar
reached through and could be de-
termined nothing but the money
had been taken. It was stated at
the store this morning.

MAIL PILOT DIES IN CRASH

Storm Blamed for Fall of
Night Flier Near Cleve-
land.

HALF HOUR FROM PORT

Veteran Aviator's Body Found
in Open Field Known as
"The Jungle."

CLEVELAND, O., March 31.—
Pilot Forrest Mallick, carrying the
night mail from New York to
Cleveland, flew to his death in a
fog and rainstorm before dawn to-
day.

His body was found in an open
field known as "the jungle" near
Bedford, Cleveland suburb, after
a search of several hours.
Mallick had been flying the New
York-Cleveland night mail for the
last eight months. He was within a few miles
of the Cleveland airport when the
death overtook him. He was due
here at 3 a. m., and at 2:30 the
radio station at Parkman, east of
here, reported him overhead.

A few minutes later he ran into
bad weather, apparently lost him-
self and crashed. His body was
found after farmers, hearing a low-
flying plane and the din of a crash,
notified police of several nearby
towns.

Mallick had switched off the
radio, evidently knowing he was
going to crash.

The pilot was 24 and single.

SECRECY SURROUNDS HUNT FOR LINDY JR.

However, Norfolk Men Are
Confident They Have Dealt
with Kidnapers.

NORFOLK, Va., March 31.—
Maintaining the secrecy concern-
ing negotiations for the return of
the kidnapped Lindbergh baby the
three intermediaries here are firm
in their belief they have been in
touch with the child's abductors,
not with impostors.
Speaking for himself and his two
associates, Rear Admiral Guy H.
Burrage said last night that "I
wouldn't have gone into the case,
and I wouldn't be in it now unless
I was satisfied that we are dealing
with the abductors of the Lind-
bergh baby."

This statement was made at the
close of a conference during which
the admiral attempted to answer
35 questions previously prepared
and submitted to him by reporters.
To three of the questions, each
dealing with the identification of
the child for whose return negotia-
tions are in progress, Admiral Bur-
rage said only, "I am sure Colonel
Lindbergh will recognize his son
when he sees him."

**Woman Watched by
Philadelphia Police**

PHILADELPHIA, Pa., March 31.—
A disclosure by Kern Dodge, di-
rector of public safety, that an un-
identified woman is under surveil-
lance in connection with statements
she made about the Lindbergh kid-
naping today bolstered a belief
that three Norfolk, Va., intermedi-
aries may be centering their nego-
tiations here.

C. Hancock, prominent in club
and philanthropic circles, last week
and asked whether she knew any
friends of Col. and Mrs. Charles A.
Lindbergh. When Mrs. Hancock
replied that she did not the woman
asked for a personal interview,
which was granted.

Mrs. Hancock notified police and
a detective hid in the room and
listened to their conversation. He
has been following the woman
since. Mrs. Hancock and Dodge
declined to disclose what the wom-
an said or any details of the in-
terview.

under the auspices of the Mar-
ion Post No. 102 American
Legion for the benefit of the Red
Cross nutrition committee of the
Community fund. Proceeds will
go to buy milk for undernourished
babies.

The program is scheduled to
start at 7:45, with a program of
music by the Harding High school
orchestra under the direction of
T. R. Evans, supervisor of music
in the schools.
The drum and bugle corps of
Buckeye Aerobics, E. O. E.,
will participate in a short patriotic
service preceding the introduction
of Rabbi Tarshish by J. W. Llewellyn,
commander of the Legion post.

1000 Seats Available
Approximately 1,000 persons can

STATE TO TAKE BIDS ON ROUTE 30-S WORK

U. S. Highway Between Big
Island and Meeker To Be
Widened.

Bids for the reconstruction of
5.27 miles of Harding highway, or
U. S. route 30-S, between Big
Island and Meeker will be received
by O. W. Merrill, state highway
director, April 15, it has been an-
nounced.
Specifications call for a 32-foot
roadway with pavement 20 feet
wide. The estimated cost of the
improvement is \$36,902.23.
The road will be graded, and
probably will be reconstructed by
use of concrete shoulders and
curbs with a retreat of a few feet
on asphalt compound. The job is to
be finished by Sept. 1.

HOUSE VOTES TO CONSIDER BILL NOT IN GOV. WHITE'S PROGRAM

DEADLINES FOR TAX PAYMENTS EXTENDED

Real Estate Assessments Due April 10; Personal
To Be Paid by April 20.

payment of real estate and per-
sonal property taxes were definitely
fixed by county officials this morn-
ing. Had the extension not been
made, today would have been the
last day for payment of all real
estate taxes.

TAX VOTED ON STOCK SALES

Wall Street Hit by House as
It Builds Up New Re-
venue Bill.

OPPOSED BY TAMMANY

Ways and Means Committee
Program Closely Fol-
lowed.

WASHINGTON, March 31.—The
house today attached a revenue-
raising hand toward Wall street.
Over the opposition of the Tam-
many delegation, it voted a tax of
one-fourth of one per cent on the
transfer value of stock sales, and
then took up other proposals to
put levies on bond transfers and
the sale of produce on exchanges.
The stock sales tax was estimated
to produce \$75,000,000.

Another vote on it will be had
tomorrow before the final action
on the bill. The amendment does
not apply on original issues.

Consulting it, the house again
followed the course mapped out for
it by the ways and means com-
mittee but the original proposal
was altered by the adoption of an
amendment by Representative La
Guardia, Republican of New York,
under which the tax bill will be
imposed on all orders placed by
persons in this country for buying
and selling stocks on foreign ex-
changes. He said it was designed
to meet the threat that traders
would transfer their operations to
Canada.

The house rejected an amend-
ment to put a one per cent tax on
stock transfers.
Estimate Awarded
The Lathropville amendment was
adopted while the committee
awaited a new estimate from the
treasury of the income tax that
might be expected from the re-
visions of the new revenue bill.

An amendment to put a tax of
five cents on each \$100 of produce
on the grain, cotton, and pro-
duce exchanges was offered by
Acting Chairman Clegg.
The house approved the crisp
amendment which it is estimated
will yield \$6,000,000.

When harmony was restored two
days ago after the general sales tax
had been thrown out, the remain-
ing sections of the bill were able
to raise only \$280,000,000. In two
sessions the house adopted provi-
sions adding \$463,000,000 to the ex-
pected revenue, and today it
tackled amendments carrying an
additional \$247,000,000. That will
give the needed total. A final
polishing up and adoption of the
whole bill will then be the last
task remaining. Pivoting first
class postage rates from two to
three cents was one of the provi-
sions approved yesterday.

Milk Prices To Drop One Cent a Quart Friday

Proposed Transfer of Funds
from Municipal Utilities
for Relief Use

Milk prices will drop from
eight cents a quart in
Marion Friday, when they
will be reduced to seven
cents.

Local reasons for the price
drop were given by heads of
local dairy associations of the last
night, and the Moore &
Hoar Milk Co. and cooperative
dairy association, declared that a
price war caused the reduc-
tion.

That a quart of cream will cost
eight cents Friday instead of
the previous nine cents. A quart
of whole milk will cost seven
cents, four cents a quart.
Whipping cream formerly re-
tailing at 18 cents a half pint,
will sell for 16 cents a half
pint. Milk by the pint will be
seven cents.

BOND ISSUES IN OHIO REDUCED

Low Realty Tax Appraisal
Curtails Borrowing Power
of Communities.

MANY NOW UP TO LIMIT

Supreme Court Decision Given
in Case of Delayed Sewer
Project.

COLUMBUS, O., March 31.—
Sharp curtailment of bond issues
by Ohio cities and other taxing
units will be one result of the 1931
state statute, which limits the
amount of bonds which cities and
other units can issue to the value
of their property.

Under a ruling by the state
supreme court, the bonds must be
limited to five per cent of the ap-
praised valuation of approximately
\$50,000,000 less than permitted by
the 1930 act. This many
taxing units will be in excess of
their limits and unable to issue
new bonds.

The decision was given yester-
day in a case from the Hill, Jack-
son county, where a bond issue
of \$40,000 in bonds for a sewer
project was held to be invalid.
The case was taken in 1929 when the bonded
indebtedness would not exceed five
per cent of the total tax duplicate,
which at that time was \$1,000,000.
The bonds were held to be valid,
however, until 1931 when the new
act was in effect.

The village appealed to the
supreme court after the village
clerk refused to sign the bonds be-
cause they would raise the total in
debtedness above the five per cent
limitation on the new duplicate.

In another decision, the high
court wrote, finding the right of a
governor to repudiate his signa-
ture when it is affixed to a resolu-
tion paper by an executive sec-
retary. The court held that the
signature of Governor Meyer
Y. Cooper approving an oil lease

This measure, it is estimated,
will yield between \$12,000,000 and
\$15,000,000 a year, which would
be used for relief purposes. It is
expected that the tax will be
imposed in the near future.

MOVE TO KILL MEASURE FAILS

Proposed Transfer of Funds
from Municipal Utilities
for Relief Use

PARTY LEADER OBJECTS

Main Portion of Governor's
Program Moves Rapidly
Toward Enactment.

COLUMBUS, O., March 31.—An
attempt to defeat a bill which
backed the backing of Governor
George White met with failure in
the lower house of the Ohio gen-
eral assembly this afternoon.

Called into extraordinary session
by a unanimous vote of the legisla-
ture, the house voted to consider
the bill of Governor Frank E. White,
more, Republican of Akron, pro-
viding for the transfer of surplus
funds of municipalities to be used
in general funds, to be used
only for relief purposes.

The bill, already passed by the
senate, met with objection by some
senators, notably those led by
Eugene H. Benson of Ashland, who
objected to house consideration of
the measure, but on a standing vote
the house decided to consider the
bill.

White's bill has the OK
of the lower house. A unanimous
vote of the house passed today.
The bill, authorizing appointment of
a state relief commission, and per-
mitting bonds of education to be
issued, passed by a vote of 60 to
10. The committee voted on the
bill, which was 10 to 2, and on the
bill 10 to 4.

An effort by Representative
Eugene H. Benson, Republican of
Akron, to amend the bill by
dividing \$500,000 of the state
funds of gasoline taxes and other
funds for such relief, was
defeated.

Program Items Support
The main portions of Governor
White's emergency relief program,
with only a few alterations, will
be passed today on the special session
of the legislature, ending into the
third day of activity.

Two of his program bills already
have been passed by the senate
and now are before the house.
The other two have been recom-
mended for passage by the senate
finance committee and an amendment
will be sent to the house when it
convenes this afternoon.

A third bill, and a part of the
administration relief program,
and designed to aid Cleveland
Ohio in its relief effort, also was
passed by the senate. It would
authorize the transfer of surplus
funds of municipalities owned by
the state to Cleveland, Ohio, to
be used for relief purposes. It was
passed by a vote of 10 to 2. It was
that the house voted to consider the
bill this afternoon.

The senate finance committee
accepted without change the ad-
ministration program bill to direct
local shares of gasoline taxes and
other funds to be used for relief.
This is estimated at about
\$12,000,000.

The committee, however, after
consulting with Governor White,
made several changes in the bill
with relation to administrative
features, but did not alter the
main portions of the bill. The
committee also recommended that
the measure be passed on a
unanimous vote.

This measure, it is estimated,
will yield between \$12,000,000 and
\$15,000,000 a year, which would
be used for relief purposes. It is
expected that the tax will be
imposed in the near future.

COLUMBUS, March 31.—The

on the mortgage problem and to

The Stars Say—

For Friday, April 1

AN interesting and eventful
day is forecast from the
ruling planetary configurations.
There is prospect of sudden
change of journey, possibly in
relation to new business or em-
ployment, with writings, pub-
lishing or advertising figuring
favorably in the affairs. These
may be in negotiation with
merchants, stock corporations or
secret societies. Social affilia-
tions or pleasures may engage
the attention to advantage.

Those whose birthday it is
may anticipate an eventful and
happy year, with probable
change of employment, environ-
ment and associates. All per-
taining to writings, publishing
and publicity should flourish as
well as those business activities
relating to feminine, domestic
or artistic matters. A child
born on this day should be
clever, versatile, artistic and
diplomatic, as well as person-
ally sociable, affable and popular.
It may marry happily and quite
young.

FORD PRICES \$460 TO \$650

New V-8 Is \$10 Higher Than 1931 "Four"; Will Get Car Here for Display.

Due to the delay in the arrival of several cars of the new models at the district plant in Columbus, the Ed. C. Walters Ford garage on East Center street, was unable today to observe the formal presentation of the new 1932 Ford cars by placing one on display. It was expected, however, at least one of the models would reach this city tonight or Friday.

Prices ranging from \$460 for the motor to \$650 for the convertible sedan were announced today for the new V-type eight cylinder car. The prices of the new four-cylinder cars will be \$50 less than those quoted on the corresponding eight-cylinder body types, the announcement said. The prices on the new eight-cylinder car average about \$10 more in each class than the corresponding type of the 1931 four-cylinder car, making the new "four" \$40 cheaper than the 1931 models.

The prices of the eight, all f. o. b. Detroit were announced as follows: Roadster, \$480; de luxe roadster, \$500; phaeton, \$490; de luxe phaeton, \$510; coupe, \$490; de luxe coupe, \$510; sport coupe, \$520; cabriolet, \$610; victoria, \$490; tudor sedan, \$500; de luxe tudor sedan, \$520; fordor sedan, \$500; de luxe fordor sedan, \$520; convertible sedan, \$650; chassis, \$370.

Safety glass throughout will be standard equipment on all de luxe models, the sport coupe, cabriolet, victoria and convertible sedan. It will be available at a slight extra cost on standard types.

MAN LEGALLY DEAD FOUND IN CLEVELAND

Suspected Bigamist Claims Mistaken Identity; Disappeared 13 Years Ago.

By The Associated Press. CLEVELAND, O., March 31.—A man declared legally dead 18 months ago, 13 years after he deserted his wife and two children, was believed under arrest here today.

Suspected also of bigamy, the man, Fred D. Howell, 60, was taken in custody after an inquiry begun at the request of the woman he married here in 1920.

Howell claimed it was a case of mistaken identity, but detectives had a photograph furnished by the Cleveland wife, Mrs. Frances Gohring Howell, was identified by Mrs. Bertha Howell of Syracuse, N. Y., as that of her missing husband. The husband of the Syracuse woman was declared legally dead by the surrogate court there, but an insurance company started an investigation which led to Howell in Cleveland, where he has an eight-year-old daughter. No charge was filed against Howell, pending an investigation today.

faces of the ragged black children and the smiling condescension of the white men that throw them into a situation.

A DELEGATION to investigate labor conditions in the Kentucky coal mines is on its way from an institution called the "Commonwealth college" of Mena, Ark. It is the only college of its kind, perhaps. Students must satisfactorily answer questions, such as "What do you think of Lenin, Mussolini, Hoover, Woodrow Wilson?" and "What is your opinion of communism, imperialism, capitalism, Americanism, Socialism and democracy?"

A student might seek a long time the correct definition for those names and words, remembering "Voltaire's" "Let us define our terms."

In the "Commonwealth college" nobody pays for his education, no teacher is paid. Everybody does chores, helps with the cooking, gardening, etc.

They all wear gray flannel shirts and overalls, and there are no degrees for students.

Mr. Lucien Koch, president of the college, is only 24 years old. The people and the governor of Kentucky, who feel that they have a right to run their own affairs, including coal miners, probably have opinions of Lenin, Mussolini, Hoover and Wilson unlike those of the Mena college.

RABBI TARSHISH TO SPEAK HERE TONIGHT

World Today." Rabbi Tarshish broadcasts each Sunday at 11 a. m. from Temple Israel on Hayden street, through station WAIL. A recent action poll to determine which type of radio program carried the most appeal, brought a decided victory for Rabbi Tarshish and his weekly sermons.

The program tonight will open with three numbers by the orchestra, "American Youth," a march by Cauer, "March of the Boyards," Norwegian, and "Symphony in G Minor," first movement, by Mozart. Will Carry Colors

When Commander Llewellyn gives the command for the advance of the colors, the color bearers and guards will come forward to the accompaniment of martial time by the drum and bugle corps. As the corps reaches the platform, right and left formations will be made and the colors will advance to be placed in sockets on the platform. The corps will march to the rear of the auditorium and be seated, following the playing of "The Star-Spangled Banner," by the orchestra, and a salute to the flag.

The army and navy will be represented in the color bearers. T. E. Kinnear, in regulation army uniform and Thomas O. Showers in regulation navy uniform, will carry the flags. Amplifiers in the gymnasium were tested this afternoon by Marion Steam Shovel Co. electrician to make sure that hearing will be easy in every part of the large hall. The shovel company is furnishing the gymnasium as its part towards the milk fund benefit. The city Parent-Teachers' council has aided the Legion in arranging the lecture.

DENVER KIDNAPING TRIAL NEARS CLOSE

By The Associated Press. DENVER, March 31.—Testimony in the trial of three men charged with the kidnaping of Benjamin E. Bower closed with an attempt by the defense to establish an alibi. The defendants, Art Taylor, Joseph Pannell and George Reed, took the witness stand to deny they were members of the gang which kidnaped Bower, a Denver bakery manager, January 19, and held him captive five days in a vain attempt to collect \$50,000.

An experiment station will be established in New Zealand to test the kauri tree as a source of timber.

SCORES OF FOES OF BANK BILL

Sen. Glass Charges Opponents with Conspiracy Against Measure.

By The Associated Press. WASHINGTON, March 31.—The extraordinary charges of Senator Carter Glass, that a conspiracy, inspired in the capital, was responsible for the endless stream of testimony against his banking reform bill, forebodes an eventful future for a measure which already has had a checkered career.

Senator Glass lost his patience yesterday when James Francis Burke, who is counsel for the Republican national committee, but who appeared solely as legal representative of the Pittsburgh clearing house, added his say against the bill.

Glass then told his colleagues that the witness had been called here by two men who coached and tutored him in what to say. He gave no indication whether the men he accused were connected with the administration or with private banking.

He predicted later the committee would investigate and uncover the whole "conspiracy," and afterwards would approve his bill with some revisions. Other committee members supported this view. Amendments offered by Eugene Meyer, chairman of the federal reserve board, are likely to receive approval.

The general tendency is to substitute for arbitrary restrictions on security loans provisions giving the reserve board power to deal with abuses.

109 FROM COUNTY IN STATE HOSPITAL

Montana Meechey's Cowboy Band Provides Entertainment Here.

About 500 patrons attended the benefit entertainment given by Montana Meechey's cowboy band last night in the Star auditorium under the auspices of Marion Chapter No. 22, Disabled American Veterans of the World War. Proceeds of the affair will be used to carry on the welfare work in the organization.

Old-fashioned songs, cowboy melodies, band music, rifle shooting and knife-throwing stunts made up the varied program. Mrs. Meechey assisted in the knife-throwing act. Officers of the chapter are Fred Miller, commander, Jewell Kallstrom, vice commander, and Edward Koepfen, adjutant and treasurer.

VETERAN PRINTER IS BURIED TODAY

Funeral Services for "Lew" Miller Held; Burial in Marion Cemetery.

The funeral of M. L. "Lew" Miller, Marion's oldest printer, was conducted today at 4 p. m. at the Axe and Eccles funeral home on East Church street.

Mr. Miller died Monday night at City hospital of infirmities of age. He was 88 years of age and had been active as a printer for 60 years. He was employed at The Star for many years.

R. P. Murphy, S. E. Smith, Fred P. Haas, Thomas Mahler, John Mosher and Marvin Thomas, of the composing room of The Star, acted as pallbearers. He was a member of Marion Typographical Union No. 675 and at the service, the International Typographical union burial ritual was read by Mr. Smith.

Rev. Howard L. Clewiler of the First Presbyterian church officiated. Burial was made in Marion cemetery.

HOOVER INDORSED BY W. C. T. U. HEAD

By The Associated Press. CHICAGO, March 31.—A warning that prohibitionists must be "aroused from lethargy," if they want a dry president and vice president elected next fall has been sounded by Mrs. Ella A. Boole, national president of the Women's Christian Temperance union.

Speaking before delegates to a W. C. T. U. conference yesterday, she indorsed President Hoover for another term as a man "whose brain is clear of the fumes of liquor" and declared a dry victory in the presidential election would serve to stem "the tide of the wet attack."

PROGRESS NOTED IN PEACE NEGOTIATIONS

Breakdown in Sino-Jap Parley Averted as Chinese Make Concessions.

By The Associated Press. SHANGHAI, March 31.—Definite progress toward a settlement of the major issue of withdrawal of Japanese troops from the Shanghai area was made today at the reopening of the Sino-Japanese peace parley.

As a result, breakdown of the conference, anticipated by some observers during the two-day adjournment, was averted and the delegates resumed their discussions in a more conciliatory mood than since the parleys began.

A spokesman for the conference said both sides were gradually approaching an understanding on the question of a time limit for the troop withdrawal, and that mutual concessions were being made. The conference adjourned again to meet Saturday at 10 a. m.

The military sub-committee which is meeting at the same time as the main conference also made important advances. It was stated when the Chinese members showed a willingness to meet the Japanese half way in settling the limits of the Japanese retirement.

Although previously the Chinese had insisted on complete withdrawal by the Japanese forces into the international settlement, they agreed this morning tentatively to extend their limits to include a strip along the Whangpoo river north of the settlement and a larger area in the Chapel district than they were willing to concede heretofore.

Many questions still remain to be decided, however, before a complete harmony between the negotiations can be reached.

MORE OHIO MINERS ORDERED TO STRIKE

25,000 in Ohio, West Va. Affected by Latest Walk-out Order.

By The Associated Press. COLUMBUS, O., March 31.—An attempt to spread the Ohio coal strike to every mine in the state and the West Virginia panhandle will be made by the United Mine Workers of America.

The first step in this move was taken last night when international and district officers of the union called for a strike of all miners in district 6, comprising the panhandle and Ohio, effective tomorrow.

Lee Hall, president of the district, estimated the call would affect 25,000 miners including 12,000 steady idle because of a wage dispute and an additional 10,000 miners in the district have drifted from the union fold since the breakdown of the Jacksonville agreement in 1927, Hall said.

Began Feb. 1. The present strike had its inception in the Hocking Valley where some 7,000 coal diggers walked out on Feb. 1 when the operators announced a reduced wage scale of \$3 a day for laborers and 38 cents a ton for loaders. Strikes in other parts of the state followed.

Last night's call was issued after the mine owners had ignored an invitation to a joint conference. This conference was called by Hall in the hope that the operators would abandon their policy of non-recognition of the union and agree to discuss a new wage scale.

No Operators Present. Scale committee chairmen from the Hocking valley, Cambridge, Tuscarawas, Pomeroy and eastern Ohio fields came here for the conference as did Percy Tetlow, international executive board member, and G. W. Savage, district secretary-treasurer. No operators appeared, however.

A statement, signed by each of the union chiefs, asked the miners to remain in the union a contract be made to govern wages and working conditions with the United Mine Workers of America.

REPORT IS MADE BY RED CROSS NURSES

Three Bedside Care Demonstrations Given at P.-T. A. Meetings.

Three demonstrations in bedside care given at Parent-Teachers' meetings and visits to 367 patients were among the activities of the Red Cross nurses in February, according to a report by Miss Mary Breneman, supervising nurse.

The report also showed a class room inspection of 292 children with 23 children being excluded from school for treatment. The nurses also made visits to 147 bedside cases and 73 visits in maternity and new-born baby cases. They also assisted in giving the Shick test to 1,543 children.

Miss Breneman said that an invitation to attend the meetings of the Marion County Academy of Medicine each month had been extended public health nurses.

JURY AWARDS \$250 TO W. R. CRISSINGER

Plaintiff in Suit Cets Judgment Against Insurance Company.

Wallace R. Crissinger of 1018 East Church street obtained a verdict for \$250 against the Hoover Casualty Co. of Indianapolis in common pleas court yesterday afternoon. The jury deliberated an hour.

Crissinger brought suit on an automobile collision insurance policy, charging the company failed satisfactorily to repair his automobile after a collision last March. He sued for \$250.

In municipal court Crissinger obtained a judgment for \$250. The company appealed the case to common pleas court, resulting in the trial yesterday.

Frank Wiedemann represented Crissinger. W. P. Mooney was counsel for the insurance company.

To Quiet Title

Nellie Bonner of LaRue filed suit in common pleas court yesterday against Blyss Bonner, administratrix of the estate of James S. Bonner, and others, to quiet title on a property in LaRue.

The plaintiff states that she and her late husband transferred to James S. Bonner and Blyss Bonner the property involved in the suit on the provision that James and Blyss Bonner were to provide for them during the remainder of their life. She charges they have failed to fulfill the terms of the agreement.

Nellie Bonner asks that the property be restored to her. The law firm of Clark & Arter represents Nellie Bonner.

New Trial Denied

Judge George B. Seaford in common pleas court yesterday overruled a motion for new trial in the case of Ora D. Davis against the Security Life Insurance Co. and rendered judgment on the \$500 verdict obtained by Davis.

Court Appointments

Mary Bayley Baughman has been appointed and qualified as administratrix of the estate of William C. Baughman by Probate Judge Oscar Gast. Lucinda Daum has been made administratrix of the Fred Daum estate. Mabel D. Martin has been appointed administratrix of the estate of Bert G. Martin.

MASONIC LODGES TO UNITE FOR PROGRAM

Washington Bicentennial Will Be Observed at Meeting April 22.

Lodges from Carlisle, Md. Gil-ead, Caledonia, Marion and Chesterville will join in presenting a program in celebration of the George Washington bicentennial April 22 at the Masonic temple here.

Plans for the program were made by the following masters at a meeting of Sojourners Lodge No. 653, F. and A. M., last night. O. C. Culver of Lodge No. 384, Carlisle, W. S. Murray of Lodge No. 206, Mt. Gil-ead, W. H. Harrington of Lodge No. 444, Caledonia, O. P. Grover of Sojourners Lodge No. 653, A. E. Pickrel of Marion Lodge No. 70, and the master of Chester Lodge No. 238 of Chesterville.

The date has been set for nationwide observance of the anniversary. An Asa Queen was chosen to act as master of ceremonies and the program committee includes Dr. B. L. Wallace, Harold Hall and A. E. Pickrel. Lunch will be served following the program.

2 BOYS SENTENCED ON THEFT CHARGES

Chester Culver and Kenneth Stout Taken to Mansfield Reformatory.

Chester Culver, 17, of 392 West Church street and Kenneth Stout, alias Forest Blue, 18, of 292 West Church street were sentenced to the Ohio state reformatory at Mansfield for indeterminate periods by Juvenile Judge Oscar Gast this morning.

Judge Gast found the boys guilty of charges of automobile stealing. The boys were taken to Mansfield this afternoon.

Culver and Stout were found guilty of taking an automobile with two other young men, from Earl Smith of south street. Robert Houston, 20, of 156 Park boulevard, and Paul Lehner, 21, of 288 Clinton street, have been bound to the grand jury from municipal court as accomplices of Culver and Stout.

Judge Gast stated that both Culver and Stout had been wards of the court. Culver had served a sentence in the Boys' Industrial school at Lancaster, and Stout formerly was in an Indiana juvenile institution, he said.

All four were arrested Monday in Norwalk after they, according to police, had taken automobiles here, in Sandusky, in Norwalk and in Bellevue.

DINNER PLANNED FOR COMPANY D

As a reward for their efforts in making possible the high rating established at the recent federal inspection, members of Company D 168th infantry will be guests of their captain, H. L. Taylor, at a dinner and program to be held at the armory tonight.

Short talks, musical numbers and "tail story" contest will be features of the program. Captain Taylor said this morning. The program will follow a dinner to be given at 7.30.

Sudden Death of Actor Turns Comedy to Tragedy

By The Associated Press. CLEVELAND, O., March 31.—A stage comedy turned to tragedy last night when the author and principal actor died during a performance.

The author-actor was Sam J. George, 66, justice of the peace and prominent citizen of Elyria. The comedy "Smother in Smuth" was being presented before the Lake Erie Masonic lodge, with George and other members of the Elyria commandery as actors.

George was playing the role of a lawyer. For 15 minutes he had engaged in repartee. Then came the time for the latter to charge the jury.

It was the cue for George to lean back and pretend to go to sleep.

The audience roared as George, looking very droll in a red wig and comedy nose, followed the script. Suddenly George's hand dropped off the table, and the manner in which he fell to the floor played that something was wrong. The curtain was rung down, and a physician pronounced the author-actor dead of heart disease.

The play previously had been a hit in an Elyria playhouse. George, in addition to being its author and a justice, had been prominent for many years in Republican politics of Lorain county.

RELATIVE OF MARION RESIDENT CLAIMED

Mrs. Jane Burke O'Connell, 87, Dies in Cleveland; Funeral To Be Here.

The body of Mrs. Jane Burke O'Connell, 87, who died yesterday at her home in Cleveland, was brought here last night for funeral services Saturday.

Mrs. O'Connell was the grandmother of Miss Florence McLaughlin of 446 West Church street. She was well known here, having visited here frequently. Her only child, Mrs. Nona McLaughlin, died here several years ago.

Mrs. O'Connell died Wednesday at 7.15 a. m. of infirmities of age. She had been seriously ill for the last few weeks.

Mrs. O'Connell was a native of Ireland and came to this country as a young girl. She was a member of St. Bridget's Catholic church in Cleveland.

The funeral mass will be solemnized Saturday at 10 a. m. at St. Mary's Catholic church. Burial will be made beside her daughter's grave in St. Mary's Catholic cemetery. Friends may view the body at the McLaughlin home after 6 tonight.

BILL OUTSIDE WHITE PLAN IS CONSIDERED

Proposes Transfer of Funds from Municipal Utilities for Relief Use.

Continued from Page One

Fires under certain limitations to issue bonds for relief purposes. Cities and counties which now have reached the limit of their bonded indebtedness or the 15 mills limitation on their tax rates could not act under the revived Pringle-Roberts measure. Those taxing units which still have a bond leeway may take advantage of it.

Passage of the Cuyahoga Falls relief bill, which was sponsored by Senator Frank E. Whittemore, Republican of Akron, precipitated a battle in the senate with staunch advocates of municipally owned utilities objecting to its enactment.

Excavators Find Corner Saloons in Ancient City

By The Associated Press. CHICAGO, March 31.—Maybe there isn't anything really new in the world after all.

For instance, they had corner saloons, some 2,400 years ago, O. R. Sellers, Chicago archaeologist, said yesterday in telling the American Oriental society about the results of his excavation of Beth-Zur, a town of the Maccabees.

Dr. Sellers was the head of an exhibition of the Presbyterian Theological seminary which made important discoveries last summer in the ruins of the second city of Judea. Two saloons were dug up. One was on a corner of the market place during the regime of the Maccabees, five centuries before Christ.

Nine wine jars stood on a shelf, ready for the customers.

Today, Dr. Allen D. Albert, also of Chicago told of evidence of city planning in ancient Assyria and Babylon.

"In Egypt and Mesopotamia the city plan provided streets crossing at appropriate right angles and arterial thoroughfares," he said.

JOB DRIVE PLEDGES PASS 100,000 HOURS

Follow-Up Campaign Will Be Started Friday by Special Committees.

Pledges in Marion's job drive moved up to 107,885 work hours this morning. It was announced at headquarters of the Marion "At Work" Civic committee.

Final plans for activities of special committees which Friday will begin a follow-up campaign were being made today.

A man and a woman were given permanent employment yesterday. One hundred and two hours of temporary work were assigned.

To Start Rehearsals.

Rehearsals will start almost immediately on "The Haunted House," the Marion Mimes April public production, officers announced this morning following the closing performances last night of "Dulcy." A near-capacity house witnessed the play last night. Saxon Kling will direct the April play. A party at the theater and pictures taken of the stage setting and cast, followed last night's performance.

Suffered 8 Years With Eczema

After Other Remedies Failed, Ends Skin Trouble Quickly This Simple Way.

"You may be interested to know that for about 8 years I was suffering with a skin trouble I called Eczema. It affected me in two different parts of my body. A short time ago I noticed your ad in a newspaper for Peterson's Ointment. I purchased a box and used it and I have tried almost every known remedy and failed. I will proudly admit that your remedy has cured the bad skin and has not hurt my skin at all."—Ray O. Peterson, Augusta, Me.

Other remedies may fail, but Peterson's Ointment is the certain cure for Eczema. It is a skin medicine, not a skin irritant, and it is safe for all ages.

The net income of the Western Union of
\$571 a share in 1931, marked a decrease of 354
per cent. from the \$904 income of 1930. Not
so surprising? In 1930 all the country was writ-
ing brokers to "sell."

Farm prices advanced last month for the
first time since October, the index of the gen-
eral level on March 15 being sixty one per cent
of the 1910-1914 average. Maybe the upward
movement is due to a trend to get in on "ag-
ricultural relief."

If the new \$2,000,000 city prison for women
in New York is as attractive in design and
furnishings as held out by pictures and text,
it may lead to great discontent. Those com-
mitted to it may never again be satisfied with
life in what pass as their homes.

Both a Boston yacht, captured by the const-
guard with 1,850 cases of liquor aboard, and the
Game Cock, of Barbados, with 2,000 cases
of liquor aboard, are registered as pleasure
craft. Still it's possible that a lot of people
in this country would be willing to accept that
designation for any craft with hundreds of
cases of liquor aboard.

From Bessarabia comes report that more
than 1,000 have been slain in Russia during the
last three months in attempts to escape from
the soviet land of terror. Evidently, those at-
tempting escapes figured that even a toss-up
between death and life in Russia was worth
the risk run.

Total freight loadings of 554,834 cars during
the week ended March 19 were the highest of
the year, and 9,158 above the loadings of the
preceding week. That looks good, standing by
itself, but some of the juice is taken out of it
as a railroad prosperity item, when it is stated
that the week's total was 156,619 cars fewer
than for the corresponding week a year ago
and 290,751 cars less than for the like week in
1930.

From the scientific world comes the an-
nouncement that chemists have discovered how
to make high-grade gasoline from cotton seed.
But if we ever have use cotton seed for gaso-
line, where are European manufacturers going
to get shiploads of cotton seed from which to
make "pure olive oil?"

Out in Springfield, Missouri, a coroner's jury
acquitted a citizen of murdering a fellow-cit-
izen, stating in its verdict that the dead man
"got what a man deserves for fooling around
with a married woman." Out in Missouri, at
least, there seems to be a lot of respect still
for the unwritten law.

There Is Still Hope.

The handful of bitter-enders who remained
seated when Speaker Garner asked all repre-
sentatives willing to balance the national
budget to stand up, apparently regard the mat-
ter as a sort of New Year's resolution, to be
made or left unmade, without much difference
one way or the other. Most decidedly that is
not the way the public views the matter.

Balancing the budget has become a vital sym-
bol of stability, both at home and abroad.
Common sense determines the popular attitude;
if the United States can not balance its budget
in 1933, it has no better claim to solvency than
the merchant who can not hold his expendi-
tures down to the level of his income. The
people are frightened of further continuation
of a policy of borrowing. They have had
enough; they want to clean up the record and
make a fresh start.

The results of last week's overthrow of lead-
ership in the house were discouraging. Hopes
for a balanced budget faded as the ways and
means committee's recommendations were torn
to pieces. Speaker Garner's inaction was an
added discouragement. There was faith in his
ability to lead the house, if he would. It was
with a sigh of relief, therefore, that his promise
to take the floor was received. The response
to his patriotic appeal was good. "That ought
to restore to the American people confidence
in our country," he said while members were
indicating their willingness to balance the
budget at any cost. It did.

The movement for further economies to
scale the budget downward is strong in the
senate, which soon will take up consideration
of the tax bill. The substitute program for
the sales tax has been approved by members
of the group which started the insurrection
against party leadership. Popular demand for
a balanced budget has been registered with
impressive force. It has been pointed out that
no other democracy has been able to balance
its budget without resort to extra legal means,
but the United States hasn't failed yet.

Only Living Man Thus Honored.

The recent bestowal of the "Purple Heart"
on Colonel Gordon Johnston brings to light
the fact that he is the only living man to hold
the four highest awards which the United
States army confers, the other three being the
congressional medal of honor, the distinguished
service medal and the distinguished service
cross.

It will be recalled that the "Purple Heart"
is the war honor instituted by General George
Washington in recognition of exceptional
bravery and heroism which was abandoned
years ago and revived February 22 of this year
in celebration of the bicentennial anniversary
of the birth of Washington.

Colonel Johnston, who enlisted in the army
as a private in 1898, is a native of Charlotte,
North Carolina, and is now stationed at Fort
Oglethorpe, Georgia. His congressional medal
of honor was won in an attack on a volcano
crater held by 600 Moro fanatics; his distin-
guished service cross was awarded to him for
exceptional heroism in action at Palo in the
Philippines and his three silver star citations
were won by gallantry at Dogami, La Paz and
Datu Alla Cotta. The distinguished service
medal came to him for "his masterful leader-
ship" in the World war, during which he served
as chief of staff of the Eighty-Second and Sev-
enth divisions and as chief of staff of the
Seventh army corps and the Second army.

It might be assumed, offhand, that the
colonel's latest honor was achieved through
his activities in the World war, but such is
not the case. It was awarded for bravery
shown by him and the wounds received in lead-
ing the same charge which won for him his
congressional medal of honor.

The late Major General Leonard Wood, in
describing this battle to the war department,
reported that Mount Bud Dajo was a fortified
volcano crater rising almost perpendicularly
2,100 feet, which sheltered the 600 Moros and
which he decided must be taken. It was in
leading the charge up these crater walls that
Johnston displayed surpassing heroism and re-
ceived the wounds which in part qualified him
for the "Purple Heart," for this 200-year-old
decoration can be awarded only to those
authorized to wear wound chevrons.

It is natural, as previously intimated, to
think of war decorations recently bestowed as
due to heroism displayed in the great war from
which the world is yet suffering, but here we
have this latest decoration which has gone
to Colonel Johnston won across on the op-
posite side of the earth. That must be taken
a minor war.

Individual heroism can not be measured by
the magnitude of the conflict in which it is
displayed. This man who alone among the liv-
ing holds the four highest honors which may
be conferred by the army holds three of them
as the result of bravery and heroism displayed
in the Philippines.

Looking to the balancing of the budget, the
house yesterday increased the first-class post-
age rate from two to three cents for a period
of two years, the expectation being that the
increase will yield \$185,000,000. These figures
go to show that the per capita first-class post-
age bill is now well over two dollars. Truly,
we are a nation of letter-writers.

Crazy, but It Worked.

If Albert Sauvant, the persistent French in-
ventor who had to elude police to prove that
his crash proof airplane fuselage was practical,
is familiar with history, he should be com-
forted by the fact that he isn't the first man
to be both "crazy" and right at the same time.
Starting with the Greeks, continuing with the
Romans and right on up to the present, men
with new ideas have had to battle the strong-
est sales resistance of all—refusal to believe in
something that no one else has tried success-
fully.

Sometimes, demonstrating the idea or con-
traption produces nothing but a thrill. The
man who believed he could go over Niagara
falls and live had an idea like that. Just as
often, however, it gives the world a valuable
new invention or principle. Thomas A. Edison
and a good many ideas of that kind. M. Sau-
vant will be likely to include himself in the
Edison class of new departure thinkers.

The way he explains his crash-proof fuselage
is by comparing it with an egg inside an egg.
If such an arrangement could be brought
about the shock of a fall would be sustained
by the shell of the outer egg, and the inner
egg would be unharmed, unless the velocity
were too great. That factor is provided for in
M. Sauvant's invention by a pneumatic layer
between the two shells.

Police forbade him to take the risk of an
experiment under actual flying conditions.
They removed the wings and landing gear from
his plane, a flattering way of recognizing that
the republic considered him to be of more value
alive than dead. But he had enough confidence
in his own idea to shove the stripped fuselage
out and take it over a 150-foot cliff. It crashed
and a moment later he emerged, smiling, from
the wreckage. Aviation had something new
to think about.

Although the estimated \$267,000,000 gross
earnings of the Class I loads in February
shows a decrease of 28 per cent. from the
total reported in January and a fall of 25 per
cent. below the February total in 1931, the pro-
ximate net earnings of \$22,000,000 means
an increase of almost ninety per cent. over
the \$11,713,613 net revenue for January. The
railroads of the country must have been cut-
ting expenses at both ends and pretty much
all the way between.

Secretary Hyde protests against making the
department of agriculture an agent for mak-
ing bad loans, asserting that the department
had been pushed into the private business field
and is now losing money on "thinner se-
curity and sustaining more losses than any
organization ever did before in the history of
money transactions in the world," and summing
up by stating that it is "the prize boob of
finance." There will be little inclination to
get into controversy with the secretary in
connection with his characterization of the de-
partment's position in the financial bog class.

Editorial Opinion.

Value of Fresh Air.

BY ROYAL S. COPELAND, M. D.

For centuries night air was believed dan-
gerous and harmful to health. Windows were
barricaded, and children as well as adults rarely
ventured out in the night.

I am sorry to say that this ancient and bar-
baric custom of sleeping in a room with closed
windows still prevails in many homes. Even
now there are those who do not realize the
importance of properly ventilated homes, the
health value of fresh air.

When impure or stale air is breathed the
resistance of the body against infections and
disease is lowered. In such cases, irritability, loss
of appetite and even more digestive distur-
bances are often due to impure air. A common
cause of the ordinary cold is breathing the
stale air of crowded places and of poorly-venti-
lated rooms.

Lack of fresh air in packed trains, theaters,
offices and schools often causes severe head-
ache and dizziness. If you work in a crowded
room, make sure that the windows are open
from the top and bottom. This will supply
the necessary moist air and replace the im-
pure air.

During cold weather ventilation is an espe-
cially important problem in every home. Gen-
erally one member of the household prefers a
warm room and others at the window and the
open window. Ideal room temperature is be-
tween sixty-eight and seventy-two degrees
Fahrenheit and the air should not be dry, yet
it should not contain too much moisture.

Dust and smoke are three factors which
must be avoided to insure pure air. Germa-
n dust is detrimental to health. It is a
carrier of such diseases as influenza, pneu-
monia, whooping cough and tuberculosis.

Toxic gases when present in the air are po-
lution and dangerous to health. Leaky gas
jets, flues and coal stoves are frequent sources
of this danger.

Smoke removes moisture from the air. It
causes irritation of the nose and throat and
this results in coughing and sneezing. Persons
in a room where the air is filled with tobacco
smoke "thick enough to cut with a knife" sub-
ject themselves to the danger of ill health.

Continued lack of fresh air may result in an
anemic condition called chlorosis. This form
of anemia is found in young girls who avoid
fresh air and walking, confining themselves
all day to close, dimly lighted and poorly-venti-
lated rooms. The disease is rarely seen among
country girls, who enjoy the benefits of fresh
air and sunlight. Fortunately, the treatment
of this condition is simple and effective. It
consists essentially of good food, rest, plenty of
fresh air and sunlight.

Recent studies show that lack of fresh air
may affect the body in several ways. Fresh
air aids the body in maintaining a normal blood
pressure, pulse, respiration and what the doc-
tors call the "metabolism rates," as well as
normal nervous reactions.

Do not be ashamed of being called a "fresh-
air bug." Breathing fresh air is just as im-
portant as drinking pure water and eating
clean food. You should be extremely careful
about the air you breathe.

Spanish Bull Fighters.

BY W. H. LAUDER

Madrid, March 31.—Bullfighters, like
boxers, have their different classifications,
with corresponding variations in earning ca-
pacity.

In bullfighting, the two main divisions among
the matadores are the "matadores de toros"
which is the highest classification, and the
"matadores de novillos" or novilleros, who
are the aspirants to the higher bullfighting, as it
were.

A novillero is only entitled to meet the
three-year-old bulls which are slightly
defective and have been rejected as unsuitable
for the full-fledged bullfighters. After appren-
ticeship is complete, and ability is generally
recognized, the alternative, or "doctor's de-
gree," may be conferred—entitling the matador
to alternate in meeting the big bulls with the
veteran bullfighters.

How much is necessary to achieve this may
be gathered from the fact that there are only
sixty active "matadores de toros" in Spain at
present, while the "novilleros" range any-
where from 250 to 600 in number. Some of
the novilleros have been in the business as
much as ten or eleven years, although the ma-
jority of them started during the past six
years.

Sidney Franklin, the American bullfighter
who appeared in Spain in the seasons of 1929
and 1930 was a "novillero."

Bullfighters' earnings, like those of the film
stars, have been greatly exaggerated, and the
most a good bullfighter may expect for one
single appearance in these hard times is \$1,250.
This season one or two may charge more, but
the majority will get considerably less. One
of the matadors must pay his assistants,
the picadores and banderilleros, as well as his
manager and valet, plus the travel expenses,
tips and often a gift to newspapermen and a
paid advertisement or so.

The banderilleros and picadores have their
union, and it has established definite price-
lists, which incidentally constitute one of the best
"ratings" of the matadores according to ability.
In the first class they list Juan Belmonte
and Antonio Marquez, each of other days, who
are expected to return to the arena this year—
and they insist that these two, every time they
appear, employ two picadores at \$40 each and
two banderilleros at \$30, plus one at \$35.

The novilleros are divided into three cate-
gories and the maximum demanded from them
is \$20 per picador and banderillero.

Suggested by Governor Worthington.

BY J. H. GALBRAITH

Probably no other governor, certainly none
of the early ones, made more valuable sug-
gestions for constructive work in the organiza-
tion and development of the state, than Gov-
ernor Thomas Worthington. Along three dis-
tinct lines of state government activity he
made suggestions.

He was the first, so far as the records go,
to advocate the establishment of normal schools
by the state in which to train teachers. This
will be found in his message to the legislature
dated December 1, 1877. It was a long time
before the state followed this advice but it
now has four state normal schools, and a col-
lege of education in the state university.

Governor Worthington was the first, it is
believed, to advise that the state provide a
residence in which its governors might reside
during their term of office. This is to be
found in his message sent to the general as-
sembly, January 20, 1878. He had been twice
elected and was not to be a candidate again,
so he felt that he could make this recommenda-
tion without fear of being charged with a per-
sonal interest.

Also he was probably the first governor to
suggest the propriety of restrictive laws for
the sale of intoxicating liquors. In his message
of 1878 he directed the attention of the leg-
islature to the necessity of proper legislation,
to what he called the evil of the "Tippling
Houses."

Dinner Stories.

"It sometimes takes a long while to arrange
for taxes."

"Nothing disproportionate about that," re-
plied Senator Sorghum. "Observe how long it
sometimes takes to collect them."

"What do you know?" asked one man of
another.

"Very little," was the reply, "and what I do
know I'm hoarding."

"My wife can't remember a thing."

"Mine couldn't either until I found a capital
cure."

"What was it?"

"Why, whenever there's anything I want her
to remember, I write it on a slip of paper and
keep it in my money pocket."

Madge—"Let's start a secret society."

Maud—"All right. I heard a lot of secrets
at the bridge club this afternoon."

"I hear you have written a book," remarked
the polite acquaintance.

"I have," said Miss Cayenne.

"I'm sure it will be a best seller."

"I'm not. I haven't included a word of im-
propriety."

"So the specialist looked you over. What
did he say?"

"Not much. He evidently decided that my
poverty precluded my having anything expen-
sive."

"It says here that the average person speaks
10,000 words a day."

"I have always said that you were about the
average, my dear."

Program Outlined for Fine Arts Festival
of Federated Clubs To Be Held April 26

A PROGRAM embracing music, drama, literature, art and conservation will be presented at the second annual fine arts festival given by the Marion County Federation of Women's clubs Tuesday, April 26, at the First Presbyterian church.

The program will climax the years activities of the federation and mark the close of the second year of Mrs. Harold K. Mouser's leadership of the federation. At this time she will present the gavel to Mrs. Troyer Snyder, the newly-elected president.

A delightful feature of the program, which will begin at 3 o'clock will be the social hour at 5 o'clock when the members and guests will enjoy a box luncheon brought by themselves and tea or other hot beverages prepared by members of the social committee of which Mrs. W. O. Nippert is chairman. Music will afford pleasing entertainment for this hour.

In recognition of the George Washington bicentennial celebration the program will open with the planting of a group of Japanese cherry trees along the Harding Memorial boulevard with Mrs. Grover C. Snyder, conservation

chairman presiding. An opportunity to view the exhibits will be afforded patrons upon their return to the church immediately following the tree planting. Here Mrs. Robert White, as chairman, will be in charge of the flower exhibit which will include displays in the contest on dish gardens and wild flowers for children and a flower show will be arranged for the pleasure of adults. At 4:15 o'clock the program provides a 15-minute talk on interior decorating by G. V. Paschall of the interior decorating department of the H. Schaffner Furniture Co. The tea hour will be preceded by a play, "A Lady To Call," presented by members of the Round Table club.

Rev. Howard L. Olewiler, pastor of the church, will speak the invocation for the formal opening of the festival at 6:30 o'clock. Following the assembly singing Mrs. Mouser, who is serving as general chairman for the affair will introduce Mrs. W. N. Harder, fine arts chairman of the General Federation of Women's clubs and state chairman of international relations. This will be followed by a drama, "Mother Earth and Her Children," presented under the direction of

Mrs. W. B. Brown.

Music will form the background for the presentation of a group of living pictures which will be directed by Miss Mabel Wheatley after which the assembly will go to the main auditorium of the church where a group of three six-piano selections will be presented together with a group of organ numbers. This part of the program will be in charge of Mrs. R. O. Bresler, music chairman. Here also the prize short stories and poems will be presented by Mrs. E. H. Morgan, literature chairman. This part of the program is scheduled for 7:30 o'clock. The festival will come to a close with the presentation of a Spanish operetta, "The Lost Necklace," under the direction of Miss Grace Kline. This part of the program will be presented in the recreation hall of the church. It is the plan of the federation to make the annual festival a civic event and also provide an opportunity for persons interested in arts to display their work. The program as last year is open to the public and while no tickets will be sold, an admission price of 25 cents will be asked.

21 Couples Wed Here 25 Years Ago Next Month

Twenty-one Marion county couples will hear silver wedding bells during April, if nothing has interrupted the married life they began in April 25 years ago.

Records of 1907 in the office of Probate Judge Oscar Gast disclose that 21 couples were married during April that year. A good share of the bridegrooms gave their occupations as farmers.

Among the names of ministers and justices of peace who had the couples exchange marriage vows were D. H. Bailey of Epworth M. E. church, Loren C. Ruel, United Brethren pastor, George M. Rourke, Presbyterian minister, C. E. Burkle, German M. E. minister, and C. H. Conley, justice of the peace.

MARTEL FARM CLUB ENTERTAINS WALDO

Potluck Supper Served; Plans Made To Use Sprayer.

Special to The Star. MARTEL, March 31. Thirteen members of the Waldo Young Men's Farming club visited the Martel Young Farmers' club Tuesday evening. Honors in volleyball went to Waldo while the basketball scores favored Martel. A potluck supper was served.

The group decided to accept the offer of the Future Farmers of America to use the orchard sprayer in the community on week days. Harness riding will be on the program for next Tuesday evening. Forge work will also be continued.

Recreation and educational features were combined in the literary program for Martel Grange last Monday evening. Muriel Shumaker explained a ration for chicks.

With the help of Robert Hofstetter and Wilfred Rush, H. G. Gibson, agriculture instructor, gave a demonstration of the preparation of the new oil spray for dormant application.

Easter songs and games in which all took part enlivened the program. The program for April 25 will be in charge of those whose birthdays fall in March and April. The chairman of the committee will be Mrs. A. B. Downs.

Other members of the committee are Mrs. William Rush, Mrs. H. M. Reed, Mrs. Longacre, Melvin Sharrock, Charles Ott, Cecil Gunther, Dora Dilaver and Muriel Shumaker.

WILL ATTEND MEET OF MUSIC TEACHERS

Mrs. Harry T. Williams of 190 Neil avenue left last night to attend the Ohio Music Teachers convention in Cincinnati today, Friday and Saturday. Albert Riemschneider of Cleveland, who appeared on an organ recital here, gave a recital this afternoon at the Church of the Covenant. The Cincinnati Conservatory of Music will present Mozart's opera, "Marriage of Figaro," tonight.

Election of officers and a business meeting will take place Saturday morning. Mrs. Williams will spend the week-end in Columbus with Mr. Williams and their son, Ronald.

FREAKS OF SIDESHOW FILMED IN PICTURE COMING TO MARION

"Freaks," high publicized picture of sideshow folks will show at the Marion Friday and Saturday. The picture is of real

people, collected in Hollywood from circus sideshow shows over the earth, rather than the make-believe horror of "Freaky House of Horrors." The picture is a real study of the lives of these people, and the director, Tod Browning, is a real director.

Lella Hyams present a picture of the backstage life of these people of the sideshow and was given the direction of "Freaks." The lighter vein of romance is carried by Lella Hyams, a real trainee, and Wallace Ford, a clown, with comedy by Roscoe Ates, Edward Brophy and Max McHugh. Olga Bacalova, Harry Earle and Henry Victor have important roles.

ZANE GREY STORY IN STATE PICTURE

"Riders of the Purple Sage," one of Zane Grey's best novels, will return to show at the State Friday and Saturday. George O'Brien, Marguerite Churchill and Noah Berry have the leading roles. The picture is good, the scenery is marvelous and altogether it's good entertainment.

WILL ROGERS PICTURE OPENS AT PALACE

"Business and Pleasure" brings Will Rogers to the Palace tonight and Friday in an amusing comedy of the great American business man, this time a razor blade king. The picture doesn't seem to have the big brand of comedy of some of Will's earlier pictures, but as Earl Tinker, rather hopelessly involved with a designing woman, he furnishes an evening's entertainment. Jetta Goudal is an intriguing spy for a competing blade company. Dorothy Peterson is his suspicious wife, Peggy Rose is his daughter and Joel McCrea is the Broadway playwright who finally succumbs to the daughter of the "razor blade" man.

Will goes to Damascus to buy steel for his razor blades and Miss Goudal, masquerading as a psychic, learns of his business and nearly succeeds in having him murdered by a fierce desert tribe of which Boris Karloff is the cut-throat chieftain. Will saves his neck with a few choice words via a radio hookup. Tinker blades are assured of Damascus steel and his wife is convinced of his loyalty.

A Charley Chase comedy with Thelma Todd and an interesting detective story compete the bill.

SCHOOLS TO OBSERVE ARBOR AND BIRD DAY

Principals and Teachers Will Decide on Programs Friday.

Marion schools will participate in the celebration of Arbor and bird day, Friday, in a manner determined by principals and teachers.

Copies of Governor White's proclamation setting aside Friday, April 1, as Arbor and bird day, have been sent to every school room in the city, together with a letter from Superintendent of Schools George A. Bowman.

He quoted Dr. B. O. Skinner's statement connecting Arbor day with the welfare of the birds: "The sympathies of children are easily enlisted in the behalf of these creatures whose natural environment exposes them to the rigors of winter and the ravages of their enemies. The building and placing of bird houses brings immediate

recompense of joy and satisfaction to those who plan and construct them and gives definite shape to emotions which so often fail to assume tangible expression. Participation of children in such a project adds the finer qualities of their beings and contributes immeasurably to the development of traits that lead to good citizenship."

Dr. Skinner is state director of education.

Marion civic and George Washington bicentennial groups will observe Arbor day later in the month.

WESLEYAN TO GIVE SCHOLARSHIP TESTS

Exams Will Be Held at University April 30.

Harding High school seniors will be given an opportunity to win scholarships to Ohio Wesleyan university through contests to be held at the university Saturday morning, April 30.

The students have been advised of the contest through a notice on the senior class bulletin board. Students will be advised to take the examination who have acceptable grades in English, history,

chemistry or mathematics in the four subjects in which the contests will be conducted.

Each first prize winner will receive a \$200 scholarship which will be continued through the four years of college and each second prize winner will receive a \$100 scholarship on the same four-year basis.

Contestants will be Ohio Wesleyan guests at the university and will stay in the dormitories and eat at the campus canteen. The results of the contests will be announced and prizes awarded.

Students interested in any of the four contests will be given entry blanks from the university, through K. H. Marshall principal.

Church Class Meets.

Misses Maude and Pauline Staley were guests of the United and True class of the Greenwood Evangelical church at a meeting Tuesday night at the church. The meeting was opened by singing "Blessed Assurance." Edward Gross, president, read the sermon which was followed by prayer by Miss Esther Winfield. A program followed a business session. The next meeting will be held on May 13.

"What's the best tire to buy today?"

The best tire, without regard to price, is a Goodyear. Don't take our word for it. Take the public's. The public says Goodyears are best—by a lead of more than 2 to 1 over any other tire.

And when you read these prices, you find that the best costs no more to buy.

Every price shown here buys Goodyear quality—Goodyear value—in a tire branded with the Goodyear name and house flag.

Now you can get ready for spring and summer driving by getting rid of tire troubles. No one can afford to risk skids, delays or blowouts—no one needs to use tires that have run past the danger point—when new rubber sells at such prices as you see here.

Look them over and ask yourself this easy question: "Why be satisfied with a second-choice tire when first-choice costs no more!"

Big League Pilots Wail as Injuries Hit Club Rosters

BROOKLYN SUFFERS GREATEST LOSS, BUT OTHERS FEEL EFFECT

Several Teams To Open Season With Ailing Regulars Warming Bench.

BY GAYLE TALBOT
Associated Press Sports Writer.
NEW YORK, March 31.—It's a rare and happy baseball manager who can count on having his strongest line-up available for the opening of the major league season.

Injuries, illness and even death have cut sharply into the roster of eligible players since the training camps opened a month ago.

Brooklyn, with two regulars out for an indefinite period, appears to have been hardest hit. Del Blazsonette, regular first baseman, is in the hospital after an operation on the Achilles tendon and may not be available for months. Frank (Lefty) O'Doul, slugging outfielder, is nursing a bruised right hand.

Two Red Sox Out
The Boston Red Sox will line up April 11 against Washington without two players. Manager Shauno Collins had counted upon Big Ed Morris, veteran pitcher, who was fatally stabbed the day he was to have left for camp, and George Stump, a promising recent outfielder, who is bed with influenza.

An operation for appendicitis cost the New York Yankees the services of Pitcher Henry Johnson and it is doubtful if he will be of much value to the club for a long time.

Yankee adherents are viewing with the customary alarm a "kink" that settled in Babe Ruth's neck the other day.

Two of the Philadelphia Nationals' four first line pitchers are in doubtful condition. Jim Elliott, the club's ace southpaw, is wearing a porous plaster on his back and groaning with every pitch, while Claude Dudley is nursing a sore arm. Chuck Klein, the Phila's powerhouse, has a pair of ailing ankles.

Giants Lose Star
John McGraw is having much difficulty getting all his New York Giants on the field at the same time. Johnny Verger, third baseman, is on the bench with an injured knee, and Claude Franck Hogan also has an uncertain knee.

Adding to McGraw's troubles is the fact that second baseman Hughie Critz still can't get the old whip in the throwing arm.

Mickey Cochrane, the Athletics' brilliant catcher, is going about in carpet slippers after an operation on an infected foot. Alvin Crowder, Washington right hander, has been called home by illness of his family.

It Won't Be Long

In less than two weeks the major and big minor leagues will launch the long and arduous campaign for the various league pennants of 1932. On Tuesday, April 12, a battery of umpires will follow forth the first welcome cry of "PLAY BALL" in seven American and National league parks. (Don't tell me that number is wrong. The Washington Senators will open a day earlier, on Monday, Herbie Hoover can't get out the first ball. It's not always wrong.)

Exactly one day after the National and American league teams start their flag battles, the American Association will touch off the fireworks of the grind to determine the successor to the St. Paul Saints as champions of the league.

Indians Open Away

Unless Marion baseball fans care to travel farther than Cleveland to see the major league stars in action, they will have to wait until after April 12 to see the big league action. The Indians will not open at home this year, being scheduled to start the drive at Detroit against Ruckey Harris' Tigers.

The Tribe will play four games against the Bengals, on April 12, 13, 14 and 15 and will then jump to Chicago for a four-game series with the Chicago White Sox on April 16, 17, 18 and 19.

From the Windy City the Red skins will return home for the official home opener against Detroit on April 20. Detroit will play a four-game series in Cleveland, finishing up on Saturday, April 23. The Tribe will then trek to St. Louis, for a series on the western outpost of the loop.

Cleveland will not play at home on Sunday until May 1. That's what I call a "break" for Marion diamond fans—a bad "break."

GROLL SHOOT 412 IN REVOLVER SHOOT

Captain L. Groll's No. 3 team of the Marion Revolver association turned in a victory last night on the police station range over the combine led by Harold Cobb. Groll's marksmen scored a total of 1742 points to 1653 for the team led by Cobb.

High scores for the winning five are: Groll with 412 and Baker with 348. Van Kleeck led the losing team with 373 and Cobb was second with 360.

DRASTIC PROPOSALS SUGGESTED TO SPEED UP COURT CONTESTS

Basketball Coaches Get Numerous Plans To Eliminate Stalling.

By The Associated Press
CHICAGO, March 31.—Ways and means of eliminating stalling in basketball were considered today by more than 100 coaches as they gathered for their annual meeting.

Several proposals to speed up the game were up for consideration, including restricting the dribble to one bounce in the back court, instituting the "held ball" rule in case the team in possession of the ball fails to try for a goal after five seconds, and giving the referee power to penalize a team for stalling.

Dr. Walter Meanwell of Wisconsin had several radical rule changes to suggest, one of which proposed all free throws be made at the end of each half and another the principle of cancellation. Thus, if two teams had the same number of fouls at the end of the half, no free throws would be made.

Dr. James Naismith, the man credited with originating the hardwood game, was strongly in favor of placing such authority in the hands of the referee with a 30-second limit.

"Any team in possession of the ball, when three or more of the opposing players are attempting to get the ball, that does not make an honest attempt to score should be penalized accordingly," Dr. Naismith, professor of physical education at the University of Kansas City, said. "Give the referee authority to make the teams play."

Dr. Naismith also proposed that when a player makes a field goal from a position beyond the furthest forward player of the opposing team, it should count four instead of the regulation two points. He also would prohibit more than a certain number of players from going into the back court while the ball is in their offensive territory.

62 TEAMS READY TO TRY FOR PIN MARK

Seventeen Cities Represented in Group To Roll Tonight at Detroit.

By The Associated Press
DETROIT, March 31.—Sixty-two more pin groups will attempt to wrest the lead from the Joe Voss Belters in the American Bowling Congress tournament tonight.

Seventeen cities are represented, led by Flint, Mich., which is sending 21 teams into action.

The team division of the big pin classic is the only event which has not been featured with high scores. Though the Joe Voss Belters' 3,046 total has been high enough to win 22 of the past 31 tournaments, it is not expected to stand as the country's best lineups are to perform before the windup, April 11.

Only one change was recorded among the various leaders yesterday. Dr. Casimir Czarnicki of Toledo, took tenth place in the all-events division with a total of 1,883.

SAM SHARROCK TO PILOT ERIE TEAM

Sam Sharrock was named manager last night of the Erie Mechanics' recreation baseball team. The Erie team played last season as the Roundhouse but will play as the Mechanics in the future. Glenn Price will captain the team this season.

The railroaders would like to schedule practice games with teams in Marion or within 15 miles of Marion. Teams interested should get in touch with John Lusch at 9746. Lusch was named secretary-treasurer of the Erie club last night.

COLLINS EXPECTS CLUB TO PROVE REAL OBSTACLE IN AMERICAN LEAGUE

BY JOHN F. COLLINS
(Manager, Boston Red Sox)

SAVANNAH, Ga.—I think the Red Sox may be counted on to make considerable trouble for the pennant seekers in the American league this season.

I have never been in the habit of making extravagant predictions for myself, as they did last year when my team climbed to sixth place with a very strong finish.

Probably it will be very difficult for any team to beat the champion Athletics, who still have the strength where it counts, even if some of their stars are getting a little old. Any club with a pitching pair like Grove and Earnshaw is tough to stop. We saw so much of those two fellows last season that we were dizzy, even though we gave them a real battle almost every time out.

My pitchers went very well, after a late start, in 1931. MacFayden especially looked good and I have real hopes for young fellows like Kline and Durham.

If we can get one reliable southpaw, for starting duty, we will be as well fortified in the box as I can expect. Durham, Weiland and young Michael, who will play with us, are the left-handers.

As to the rest of the club, I feel we will have stronger reserves and a better defense.

We lacked a double play combination last season. In fact I believe our defensive weakness cost us at least a dozen or 15 ball games.

With Warstler at short I am hopeful that either John Dashiell, from Chattanooga, or Marvin Olson, from Buffalo, will come through to fill the hole at second base. Dashiell has had more experience. He likely will land the job, if his arm does not show any signs of weakening, but I like the way Olson has hustled.

As an ace in the hole I always have Marty McManus, who can shift over to second base from the position I hope to have him fill at third.

We have developed a real first baseman in Al Van Camp, who came up as an outfielder. He has taken to the position like a duck to water. Johnny Rader, from Fall River, looks promising.

The outfield is pretty well set with Webb, Oliver and Rothrock, John Lucas, from Richmond, may need another year's seasoning but he is coming along fast. George Stump, from Quincy, Ill., is another promising boy although he has been laid up with a charley horse.

OHIO WESLEYAN TO HAVE GOOD HURLING

DELAWARE, O., March 31.—For the first time in several seasons, Ohio Wesleyan university's baseball team this spring will boast at least two good pitchers.

Jim Veriz of Fredericktown, Pa., a veteran, is slated to do most of the mound duty, but he will have a capable support from James Hoff of Columbus, a sophomore. Both are right handers.

CLIPS RECORD

Bon Eastman (above) of Stanford university clipped a full second from Ted Meredith's 16-year-old world 440-yard record, running it in 46.4 seconds at Palo Alto, Calif.

Detrick at Chicago.

DELAWARE, O., March 31.—Ray Detrick, coach of Ohio Wesleyan's basketball team, left here Thursday for Chicago to attend the annual meeting of the National Association of Basketball Coaches.

If the boys pictured above and the rest of the Red Sox live up to the promise shown in training camp at Savannah, Ga., Manager John "Shauno" Collins predicts plenty of trouble for the rest of the American league this summer. MacFayden is a right-handed hurler, Oliver (left) plays in center field, while Van Camp holds down first base.

Around the Training Camps

By The Associated Press
NEW ORLEANS, March 31.—One of the reasons for big hopes of the Cleveland Indians, is their improved fielding. In training camp games they have averaged .975, 12 points better than their last season's mark.

SAVANNAH.—Having demonstrated at Orlando, Fla., yesterday that they possess the required punch, by defeating the Athletics, 10 to 9, the Cincinnati Reds were here today for a game with the Boston Red Sox.

The Reds shattered a two run lead of the Philadelphia team and won the big game when Mickey Heath drove the ball over the fence to follow home two other runners.

LOS ANGELES.—Jonathan Stone was nursing a spike wound and Charlie Gehringer was hoping a rest would ease the recurrent soreness of his throwing arm as the Detroit Tigers headed eastward today. It wasn't a particularly happy occasion and things weren't helped much by a 9 to 5 defeat administered yesterday by the Chicago Cubs.

BIRMINGHAM.—Headed home the New York Yankees had a pitching problem with them today. No one seemed to know just how to rank the five leading rookies, due to his three hit victory over the House of David team yesterday. Manager Joe McCarthy was boosting Paul Andrews as one of the best.

GULFPORT.—Max Carey, manager of the Brooklyn Dodgers, doesn't think Frank O'Doul's injured wrist will keep him out of action long, but in case it does, Max will play Al Cohen on Murray Howell in O'Doul's outfield place.

SAN FRANCISCO.—Manager John McGraw is worried over the lack of drawing power shown by the New York Giants' exhibition games. Two games at San Francisco have drawn only 1,300 paying customers to a park that holds 24,000.

EXPECTS VAULTER TO CLEAR 13 FEET

DELAWARE, O., March 31.—Frank "Tex" Leonard, Ohio Wesleyan's star sophomore pole vaulter, will reach a 13-foot height out-of-doors this spring, in the belief of Coach George Gauthier.

Leonard recently broke the indoor mark at Ohio Wesleyan with a vault of 12 feet, 1½ inches, only to have his pole hit the bar and knock it down.

2,000 HORSES AWAIT OPENING OF RACING MEETS IN MARYLAND

Forty-Two Day Season Gets Under Way at Well-Known Bowie Oval.

By The Associated Press
BOWIE, Md., March 31.—More than 2,000 thoroughbreds from the country's foremost racing areas were crunched oats here waiting for the opening tomorrow at the Bowie track of Maryland's 42-day spring racing season. The stable at the track was crowded and many horses were quartered at Laurel, Pimlico, Havre de Grace, Timonium, Marlboro and Hagerstown.

A charity day, April 14, has been added to the regular 11 day program of the Bowie meet. Here the horses will move to Hagerstown, and the spring meet will end May 14 at Pimlico.

The \$5,000 inaugural handicap, a six furlong event for three year olds, and up will be the feature of the opening card. A field of 10 it has been predicted by racing officials, will face the barrier.

Penetian, four year old gelding son of Galeian and Pan Mar, of Jaz Age, four year old gelding of Great Jaz and Elga were pointed to by the experts with Folsom On and Colossal as outstanding contenders.

LOTT LATEST VICTIM IN TENNIS TOURNAMENT

Texas Player, Taught by Greek Professor, Eliminates Chicago Star.

By The Associated Press
HOUSTON, Tex., March 31.—The sort of tennis professor in Greece has been teaching on the side at Texas university today had to stop the show in the second annual Houston invitational. George Lott of Chicago, seeded No. 2, was the latest victim.

Among those on top, the one three players incidentally have reached the single quarter finals, were Wilmer Allison of Austin and Jimmy Quick of Dallas, from Dr. D. A. Penick's squad at the university, and Karl Kaurath, the professor's present No. 1 man.

Kaurath went to the court under protest to eliminate Lott 6-7, 5-7. He sought rest after a previous match. Overruled he lost a brilliant backhand game that caught the Chicagoan by surprise.

Frank Isbell plans to introduce night baseball at home games at the Wichita club of the Western league.

N. Y. NOT TO PLEDGE VOTE

Tammany Boss Announces "Waiting Plan"; Roosevelt Continues Gains.

By The Associated Press
WASHINGTON, March 31.—The biggest block of votes in the Democratic national convention, New York state's 94, is not going to be tied up to any candidate until the very last moment before the party assembly opens in Chicago.

This is the news thrown into the conglomeration of political facts and guesses by John F. Curry, boss of Tammany hall, who spoke yesterday with the assurance given by expected control of the delegation and the manner of its instruction.

Until then, he made it plain, the 94 can not be added to Franklin D. Roosevelt's 123, nor to the Alfred E. Smith zero score which may soon boast a solid figure, nor to the votes allocated to any other candidate. To the prediction Curry added the cryptic statement: "New York had the Democratic convention in 1924. It had a candidate in 1928. New York doesn't want to hog everything."

Roosevelt's score yesterday took a modest step upward, and an unexpected one. Despite predictions that Malne's delegation of 12 would be uninstructed, the leaders changed their minds and the state convention voted 286 to 245 to instruct for the New York governor.

Jubilant in Massachusetts
Massachusetts Roosevelt men were jubilant at having drawn top positions on the ballot for the April 26 primary, in which the vital contest between Roosevelt and Smith is to be settled.

A delegate gun of one was recorded for President Hoover, a Georgia district sending in the vote to bring his total to 108. He only needs 678 to clinch the Republican nomination.

Parents, Friends Witness Ceremony in Gymnasium

Formal induction services of members of the National Honor society were held last night in the gymnasium of Harding High school. Selection of senior candidates was completed recently.

Twenty-three seniors were voted into membership by ballot cast by the faculty of the school. Eleven additional senior members were named to the society in their junior year.

A large group of parents and friends witnessed the service. Acting as a reception committee were

Esther Topf, Helen Laverly, Mary Margaret Peters and Virginia Grover.

K. H. Marshall, principal, gave a short talk, explaining the significance of the society.

Four members who were chosen in their junior year, Kathryn Schneider, Virginia Hartsell, Richard Morgan and Donald Lindsey gave short talks on the four cardinal requirements for membership in the society, leadership, scholarship, character and service.

The service was followed by a social hour.

CARD OF THANKS
We wish to express our deepest and most sincere thanks to all who so kindly helped us during the death of our beloved father and grandfather, Mr. D. R. Williams.

We especially thank one and all the neighbors and friends for the beautiful floral tributes, Rev. Black's consoling words, flower girls, pallbearers, singers, Mr. Boyd and any others who assisted in any way.

Children and Grandchildren.

CARD OF THANKS
The husband and family and the parents and family, desire to extend to the neighborhood their most sincere thanks and appreciation for the many acts of kindness and sympathy shown them during the illness and death of their beloved wife, mother, daughter and sister.

Walter Z. Drake and sons, Mr. and Mrs. J. G. Everett and Family.

CHURCH MEMBERS GIVEN FAREWELL

An informal farewell party was given P. R. Carrier and his family, following the midweek prayer services last night at the First United Brethren church.

Mr. Carrier has been promoted by the Erie railroad to a new position at Susquehanna, Pa., and the family will move there soon. Mr. and Mrs. Carrier and their family have been active in the church for years, and have held responsible church offices.

The male chorus entertained with several songs and a social time was enjoyed. More than 100 persons attended the prayer services and stayed for the party. Rev. Carl V. Hoop, pastor, spoke at the prayer services on the subject, "The Scope and Purpose of Christian Nurture."

The male chorus will sing tonight at Iberia. Miss Mayetta Dixon, a member of the church living at Iberia, will give a reading.
